DESCRIPTION

The property comprises a purpose built three storey steel frame office building that was constructed around the year 2007. The building has been extensively refurbished to a high specification and is suitable for immediate occupation.

The building is configured to provide largely open plan accommodation. There is a reception area located at the front of the building. To the right of the reception area is ground floor access to toilet and shower room facilities. The reception area leads to the ground floor accommodation that is primarily utilised as an open plan break out and staff kitchen area. There are also two cellular offices to the western elevation. The specification of the ground floor office includes plastered painted walls, suspended tracking for bulb lighting, and timber effect vinyl flooring.

The first and second floors comprise open plan office space with partitioned cellular offices / meeting rooms to the eastern and western elevations. The floors each benefit from a kitchenette area and toilet facilities. The specification of the first and second floors includes plastered painted walls, suspended ceilings with integrated LED lighting, and timber effect vinyl flooring. The cellular offices / meeting rooms feature carpet tiled floors and suspended LED strip lighting.

The upper floors of the property are accessible via stairwell and an 8 person passenger lift.

The property is heated via a mix of air conditioning cassettes and wall mounted electric panel radiators. The property benefits from alternative heating generation by way of air source heat pumps that are positioned in a fenced plant area at the rear of the property.

There are 12 electric vehicle charging points located around the perimeter of the building.

There is a car parking area to the rear and eastern elevation of the property, providing 37 allocated car parking spaces.
